Bernard Rosenberg

Mr. Rosenberg;

I am writing in regards to your farmland north of the Mahoney Landfill. We are aware of the slag overspill on your property. However since your crops have already been planted and to cause less damage we feel clean-up at this time would be inappropriate.

After the Fall harvest we will clean up the slag and place your land in a much better condition. We are now in the process of correcting our slope erosion. Thank-you for your understanding.

Yours sincerely,
